Quantum Leap Labs

The First ICP Incubator in North America

Our Mission

At Quantum Leap Labs Inc, our mission is to empower early-stage projects to transition into successful decentralized autonomous organizations (DAOs) through comprehensive support, resources, and access to a robust network within the Web3 ecosystem. Our incubator is specifically designed to foster growth and innovation in projects built on the Internet Computer Protocol (ICP).

Quantum Leap Labs Services

Investor Access

Connect with ICP-focused angel investors and VCs for early-stage funding

Tech Support

Get expert help with coding, smart contracts, and blockchain architecture.

Strategic Advisory

Guidance on business models, go-to-market strategies, and long-term planning.

Community & Marketing

Build and engage a dedicated user base with our marketing support.

Legal Assistance

Navigate blockchain regulations with our legal experts.

Tokenomics Design

Develop robust economic models for sustainable ecosystems.

Mentorships & Networking

Access to seasoned mentors and valuable networking opportunities.

Industry Tools

Utilize top-tier tools and platforms for project development.

Custom Programs

Tailored incubation programs to meet your project's unique needs.

Post-Incubation Support

Ongoing support and resources even after incubation.

Our Partners
